General Warranty Conditions
(apply to the Conversion Warranty and Body Integrity Warranty))

You must comply with the following conditions to have the full protection from the AutoTrail warranties described above. If you do not, this may (depending upon the circumstances) result in invalidation of warranty cover altogether, or the amount of your claim being reduced.

Registration - All new motorhomes must be registered with Auto-Trail at the point and time of registration.
UK only - The Auto-Trail warranties only apply to motorhomes purchased within the UK, and used primarily within the UK. This means that the motorhome must not be used for continuous journeys outside of the UK of longer than 90 days per journey, or exported from the UK.
Maintenance & servicing - It is your responsibility to ensure that your motorhome is maintained in a legal and roadworthy condition at all times following the manufacturers' recommended service schedule, (i.e. Fiat for chassis and driveline components, and Auto-Trait's recommendations for habitation components, fixtures and fittings).

You must ensure that the habitation part of your motorhome has an Annual Habitation Service within +/- 30 days of each anniversary of the original date of registration. The 5th Annual Service must be carried out before the expiry of the 60-month period from the original date of purchase. These services must be carried out by an Auto-Trail Service Centre, an Auto-Trail dealer (preferably the original selling dealer) or a VAT-registered AWS (Approved Workshop Scheme) approved workshop. You will be responsible for all charges made for Annual Habitation Services. If the Annual Habitation Service is performed by an Auto-Trail Service Centre then Auto-Trail accepts that the Annual Service has been performed correctly.

If the Annual Habitation Service is performed by an unauthorized repairer or service Centre, or if the Annual Service has not been performed in accordance with the requirements of the warranty, or work has been performed on your motorhome that is defective or faulty, then Auto-Trail may not be obliged to perform any work under an Auto-Trail Warranty.

Original VAT invoices, check sheets and damp reports must be retained as proof that all Annual Habitation Services have been carried out, showing the date of the habitation services. It is vital that you retain these documents, as they will be required in the event of a warranty claim; failure to demonstrate you have complied with these servicing requirements will usually invalidate your warranty cover.

Carry out repairs promptly. If any repairs are identified as being necessary to the body shell or habitation areas during an Annual Habitation Service or otherwise, Auto-Trail require that work covered under an Auto-Trail warranty must be performed by an authorized Auto-Trail Service Centre. Repairs should be carried out within 6 weeks of the Annual Habitation Service in which those repairs were identified.

Driving after an incident. You must not continue to drive the motorhome after any damage or incident has occurred if this could cause further damage to your motorhome.

Gauges. It is your responsibility to understand the warning devices and gauges on your motorhome and ensure that they are operating correctly.

Prohibited Uses. Your motorhome should only be used for recreational purposes and must not be the permanent residence for any person, including you or any member of your family. Your motorhome must not be used for hire, reward or commercial use, and race or rally use is prohibited.

Neglect, misuse, modification or total loss claim. Auto-Trail warranties will not apply if the Motorhome has been neglected, misused or subject to unauthorized modification, or if the identification marks (chassis/VIN numbers) have been removed or defaced, or if it has been part of an insurance claim which resulted in a total loss.

Fraudulent claims. If you, or anyone acting on your behalf or with your knowledge or consent has used any fraudulent means, including inflating or exaggerating costs or submitting falsified documents relating to an Auto-Trail warranty claim, then all AutoTrail warranties for the motorhome will automatically be cancelled. We will in these circumstances also act to recover any previously paid claims and any other loss or damage incurred by us.

Transfer of warranty. If you sell your motorhome, the Auto-Trail warranties are to the vehicle and therefore any proof of service history must be passed from the previous owner to the new owner, otherwise the the vehicle may fall out of warranty.

Limits of cover. Our total liability under all Auto-Trail warranties in respect of a motorhome shall not in any circumstances exceed the original purchase price of the motorhome concerned.
